# Rohr**Eindrücker**

## Pipe pusher with movable push plate

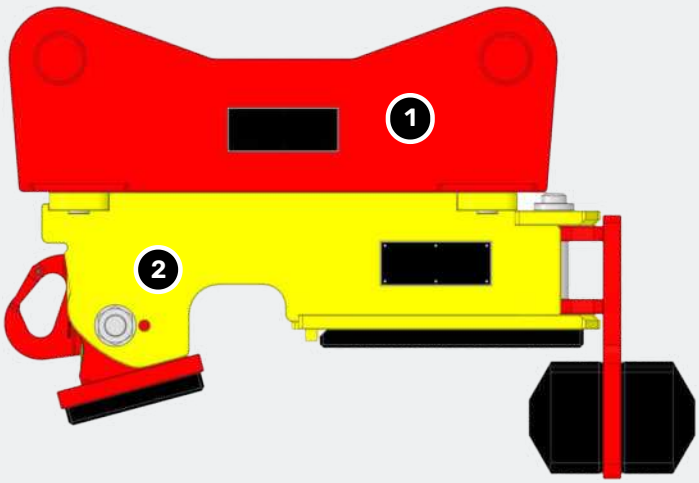
Available with or without attachment adapter

### Mechanisation made easy

The perfect way to mechanise: combine it with any mechanical pipe grab such as PipeFIX or MultiFIX.

3D rendering of the pipe pusher

| 10 t | 4 t | 300 mm | 1,600 mm | 110 kg |
|---|---|---|---|---|
| Push capacity | Hook capacity | ID min. (DN) | OD max. | Weight |



### Makes joining pipes of all kinds easier

Mechanical pipe pusher for joining and positioning pipes of all kinds, mainly concrete pipes from DN 300 - OD 1600.

1. Attachment adapters
2. Pipe pusher

**VERSION**

**Pipe pusher**
Art. no. 80501

**Compatible with attachment adapter, page 39**

**FEATURES**

- ✓ Designed as an **attachment** for **OilQuick** or **LIKUFIX** quick couplers
- ✓ **One-person operation** by the **operator**
- ✓ The **movable push plate** gives the operator an **excellent view** of the laser target, even with **small pipe diameters**
- ✓ **Joining** and **positioning** pipes **without endangering** personnel
- ✓ The **push plate** adapts to the **pipe socket automatically**
- ✓ The **excavator does not need** to be **exactly aligned with the laying direction** when joining pipes
